Learn a Language Online

A new resource offers Manheim Township Public Library patrons an online, interactive way to learn several languages. Mango

Languages uses real-life situations and actual conversations to more effectively teach a new language. By listening to and repeating after material designed from native conversations, you'll learn more than grammar, vocabulary and conjugation, you'll learn how to communicate. We will host a program explaining how to use the system and help you sign up for the free service.
